

PERMISSION FEES

Permission fees are based on usage.

Usage is the total users (number of printed copies or e-users) over the years when story content is used. Story content is calculated on a per-story basis. Here are some examples:

- 5000 users access story content in a onetime print or e-usage → usage is 5,000.
- 10,000 users access story content each year for three years → usage is 30,000.
- 20,000 users access story content over five years → usage is 100,000.
- 100,000 users access story content over three years → usage is 300,000.
